

Flight Reservation System using Zoho Creator (SaaS)

Aim

To create a simple Flight Reservation System using Zoho Creator to demonstrate the Software as a Service (SaaS) cloud model.

The screenshot shows the 'Flights' form in the Flight Reservation System. The form includes input fields for 'Flight Number', 'Airline Name', 'Departure City', 'Arrival city', 'Available Seats' (with a mask of six asterisks), 'Ticket Price' (with a mask of two groups of four asterisks), and 'Departure time' (with a mask of dd-MMM-yyyy HH:mm:ss). A 'Submit' button is located at the bottom of the form. The sidebar menu is visible on the left, and the user profile 'Dinesh V' is shown at the bottom left.

Field	Value
Flight Number	
Airline Name	
Departure City	
Arrival city	
Available Seats	#####
Ticket Price	##,###,###
Departure time	dd-MMM-yyyy HH:mm:ss
